ORDER

This matter is before the Court on the Government's Motion for Findings of Fact by the District Court to Continue the Trial Date Beyond Limits Set by the Speedy Trial Act [Doc. 44].

1. The Indictment in this case, charges six defendants with a drug trafficking conspiracy and a money laundering conspiracy. The acts allegedly occurred both in the Eastern District of Missouri and California. The money laundering charge is also complex as it also allegedly involves the structured purchase and negotiation of financial instruments.

2. The discovery in this case includes numerous postal money orders, Western Union money orders and Express mail records pertaining to the shipment of drug proceeds underlying the money laundering charge. A two volume discovery packet has been made available to the defense with an approximately 62 page investigative report. The defense has needed time to review the discovery in this case.

3. Scheduling has presented problems with respect to the number of defendants, the number of events that are potentially subject to a motion to suppress, the location of Defendant's residences and out of town defense counsel. There has also been changes in defense counsel which has caused delays in this matter.

4. The Government has been working on the investigation for months and is prepared to try this case within the time limits set forth under the Speedy Trial Act.

5. Pursuant to Title 18, United States Code, Sections 3161(h)(8)(A) and (B)(i) and (ii) and for all the foregoing reasons, the Court grants the Government's Motion to Continue the Trial Date Beyond Limits of the Speedy Trial Act.

The Court finds that the ends of justice served by continuing this case outweigh the best interest of the public and the defendants in a speedy trial. Any objection to this Order or these findings shall be made within ten days of this Order.
